Teslim A. Jaiyeola

Electrical and Electronic Engineering Graduate (March 2027) | Nigeria
09068704294 | teslimifedayo@gmail.com | linkedin.com/in/teslim-a-jaiyeola-06900a448

PROFILE

Final-year Electrical and Electronic Engineering student at Olusegun Agagu University of Science and Technology (OAUSTECH) with a Second Class Upper standing. Trained in signal monitoring at the Federal Radio Corporation of Nigeria and experienced in technical documentation and system testing. Seeking a graduate trainee or internship role in telecommunications or the power sector.

EDUCATION

Olusegun Agagu University of Science and Technology (OAUSTECH) — Expected March 2027
Electrical and Electronic Engineering | Second Class Upper

Golden Sceptre College (Senior Secondary) — Completed 2019
Damiland High School (Junior Secondary) — Completed 2016

EXPERIENCE

Control Room Monitor, SIWES — May to Oct 2025
Federal Radio Corporation of Nigeria (FRCN), Dugbe, Ibadan

- Monitored signal quality in the studio before transmission to make sure content went out clean.
- Logged observations and faults and reported them to the supervisor.
- Worked in a live broadcast environment with strict timing and accuracy requirements.

Freelance Ebook and Course Writer — Past two years
Fiverr (remote)

- Researched and wrote full-length ebooks for clients, including a biography of a prominent historical figure.
- Wrote course material, structuring lessons for step-by-step learning.
- Delivered each project to the client's brief and deadline, from research to final revisions.

FINAL YEAR PROJECT

Wi-Fi App-Controlled Smart Switching System for Solar Power Output (OAUSTECH, supervised by Dr. D. O. Akinyele)

- ESP32-based remote ON/OFF switch with a mobile app, a built-in web interface and automatic scheduling.
- Took part in system testing: switching response about 1 second on a stable network and about 5 seconds on a weak one; scheduling delay of 2 to 10 seconds within the set minute.
- Wrote the full project report and documentation.

SKILLS

Technical: Signal monitoring, system testing, technical documentation, embedded systems and IoT (project exposure), HTML, CSS and JavaScript (learning)
General: Research and long-form writing, Microsoft Office, fast and accurate typing, reporting, meeting deadlines

CERTIFICATION

Web Design and Development certificate, departmental tech fair day, OAUSTECH

REFEREES

Available on request.
